

Alessandra Ambrosio Is A White Hot Birthday Girl In WeHo

We're not sure what was more dangerous: wearing white to a steakhouse, or her curves! Ha!

Alessandra Ambrosio got all dressed up for her birthday dinner date with longtime lover **Jamie Mazur** on Wednesday night.

For her seksi arrival at **Bagatelle** in West Hollywood, the newly turned 32 year old **Victoria's Secret Angel** wore a white, ribbed body-con dress with nude heels.

Saucy! Just like her steak!

Ale also carried a rhinestone encrusted **Alexander McQueen** clutch, which matched her various jewels perfectly.

As if her look wasn't enviable enough, Ale let her natural Brazilian beauty shine through by wearing minimal makeup and left her sleek brown tresses down.

Gah! It's just not fair!

Feliz aniversário!
