## *Love off Selita's schedule*

**SELITA Ebanks** has parted ways with her boyfriend, former "106 & Park" host **Terrence J**, sources exclusively tell Page Six. The pair, who dated since November 2011, split over "scheduling conflicts." "Selita is just so busy," says an insider who tells us the beauty is working on a TV pilot and will be releasing a single soon. This weekend, the model was seen being trailed by cameras for the new show as she celebrated her 30th birthday with a two-day bash. On Sunday, the former Victoria's Secret Angel had dinner with five friends at the One Group's Asellina, with **David Spade** and **Kevin Farley** stopping in for dessert and to give a toast. Later that night, she was seen partying with girlfriends until 3 a.m. at SL. "Selita was dancing on the banquette at her table and garnering glances from many in the room," says a spy. On Saturday, Ebanks had another blowout b-day party, with cameras rolling, at Bagatelle. We're told Spade — who was flirting with Ebanks — stopped by again, as well as **Trey Songz**, who serenaded her over a birthday cake.
