The Fabulous Life of...
SOFIA VERGARA

We So Want Her Life!

...Her Glam Spa

BEAUTÉ OBLIGE IN NYC
Sofia's skin gets a boost from treatments at this Madison Avenue skin spa. "We use the latest technology to emit currents that stimulate and firm the muscles, countering the loss of tone associated with aging," skin specialist Camille Obadia tells *Life & Style*.

...The Restaurant She Adores

BAGATELLE NYC
She's a huge fan of this Meatpacking District hot spot and recently dined there with Nick. "She fell in love with the truffle fries and couldn't help but enjoy the Mega Sundae — a staple when she visits," says a witness. "After the meal, she requested a Pitbull song and danced up a storm."

Order the \$40 Mega Sundae, served in a martini glass.

...Her Favorite Hotel

MR. C IN BEVERLY HILLS
The star loves hanging out at this tony LA hotel. Sofia and her pals recently hit the restaurant for a girls' night, then came back to lounge by the pool two days later. "She and her friends had brunch by the pool," says a fellow guest. "She was smiling and laughing a lot."

On Sundays, non-hotel guests can reserve a cabana for brunch.

...Her Amazing Handbags

FENDI PURSES
Sofia adores her bags, including this white Fendi Zlours Leather Shopper, which retails for \$2,260. The star says she jokes with her manager about her bag addiction: "What would you prefer? Me popping champagne and doing drugs or buying bags?"
