The 1,000 Dollar Ice Cream Sundae

What comes in a \$1,000 ice cream sundae? The stats on the Mauboussin Mega Sundae debuting at Bagatelle NY on May 1.

We don't know whether this list is closer to a recipe or an SEC filing, but here's what you'll find inside the Mauboussin Mega Sundae at [Bagatelle NY](#) debuting on May 1:

Homemade vanilla ice cream (maybe the home they're referring to is the penthouse just blocks away from Bagatelle with an eat-in kitchen and views of the Empire State building that just went on the market for \$18.75 million),

Chocolate truffles,

Homemade French macaroons (we're assuming that this home is actually in France),

Dom Perignon Rose sorbet with gold leaves (a bottle of the 2003 goes for about \$300 and edible gold leaf is \$6.35 a sheet on Amazon Prime)

Chocolate vodka sauce,

Gilded brownies and fresh whipped cream

Bonus: each sundae comes with an exclusive [Mauboussin](#) black steel and white gold ring, which accounts for \$530 of the hammer price right there!
